Dear Colleagues,  
The 3rd World Congress of the Ozone Therapy Federation which follows those held in Beijing and Madrid wants to offer a further scientific value in a sector where approximation and vague knowledge lead - let me say - to a mere justification of a much easier indifference. This is not acceptable and this congress is another important meeting occasion to give validating certainties to physicians operating in this discipline. Recent clinical results of national and international case history show a need for a bigger effort in the research of rationality in the way this matter is dealt with. This 3rd World Congress then gives itself ambitious targets. It wants to fight deception and reestablish incontestable truth which is only possible with concrete knowledge. It wants to give credit to all those around the world who have been able to give certainty to this therapy. It wants to give the opportunity of a correct approach and give an occasion of deep analysis.

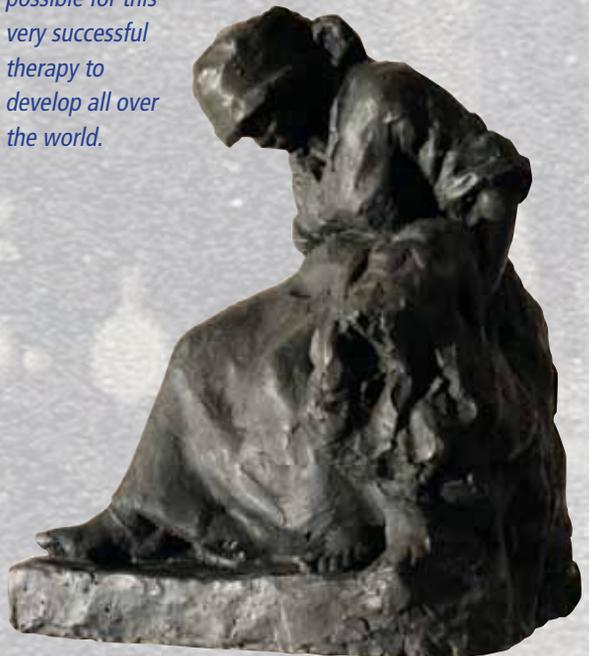

For all this I feel honoured to organize the WFOOT 3rd World Congress of Ozone Therapy for the first time in Italy. A big opportunity for all those who want to collaborate, compare, give the results of their own knowledge and experience, but above all for those who are humble enough to ask themselves "why?"

Thank you all

Matteo Bonetti

The Francesco Riccardo Monti prize for life time achievements is a recognition for scientific work done to spread Oxygen-Ozone Therapy practice in Italy and around the world.

The great artist Francesco Riccardo Monti, who is now represented by his heirs, was a sculptor and an architect from Cremona and he created many monumental works of art. At the end of 1928 after winning a commission and being prevented from completing it he had an argument with a fascist party official and left Italy. He moved first to France and then to Manila in the Philippines where within a short time he became the most important sculptor and architect in the country. There he carried out great works of art merging the style of the European school with the local tradition. He came back to Italy only for short periods between 1930 and 1932 to finish some uncompleted works. His style is full of poetic symbolism and leads to works of art rich in grace and imagination. His devotion is the same of those physicians who have always believed in the effectiveness of Oxygen-Ozone Therapy and have made possible for this very successful therapy to develop all over the world.

## **International Scientific Committee**

Alvarado Ramiro - Bolivia

Andreula Cosma - Italy

Baeza Noci José - Spain

Bas Murat - Turkey

Bergeron Yves - Canada

Bocci Velio - Italy

Catelani Cardoso Cláudia - Brazil

Clavo Bernardino - Spain

De Monte Amato - Italy

Erario Angeles - Argentina

Fahmy Ziad - Germany

Gallucci Massimo - Italy

Galvan Francisco J. - Spain

Gomez Manuel - Cuba

He Xiaofeng - China

Hernández Frank - Cuba

Konrad Heinz - Brazil

Kos Wally - Australia

Kumar Vijay Sheel - India

Leonardi Marco - Italy

Martin Florido Francisco J. - Spain

Martin Francisco Alfonso - Spain

Menéndez Silvia - Cuba

Nabil Mawsouf Mohamed- Egypt

Pellicanò Giannantonio - Italy

Pepa Osvaldo Alberto - Argentina

Scarchilli Alberto - Italy

Schulz Siegfried - Germany

Schwartz Tapia Adriana - Spain

Simko Marian - Switzerland

Ungureanu Florin Dan - Romania

Viebahn Renate - Germany

Viti Paganelli Sergio - Venezuela

Vyletelka Juray - Slovakia

## **International Scientific Committee of Veterinary**

Marco Ablondi - Italy

Ettore Ballardini - Italy

Attilio Corradi - Italy

Corrado Dimauro - Italy

Helen Giuliano - Italy

Gaetano Penocchio - Italy

Paolo Scrollavezza - Italy

Emilio Smadelli - Italy

## **Organizer Committee**

Albertini Filippo - Italy

Alexandre Alberto - Italy

Borrelli Emma - Italy

Cardelli Roberto - Italy

D'Orta Giovanni - Italy

Dall'Aglio Roberto - Italy

De Santis Fabio - Italy

Fabris Giuliano - Italy

Fontana Alessandro - Italy

Genovese Eugenio - Italy

Gjonovich Antonio - Italy

Lamberto Re - Italy

Morosi Claudio - Italy

Muto Mario - Italy

Ottaviani Gian Maria - Italy

Parodi Filippo - Italy

Sirito Mario - Italy

Tabaracci Gabriele - Italy

Zambello Alessio - Italy

## Thursday April 14<sup>th</sup>

Registration of participants

Opening Ceremony

Welcome of local Authorities

**V. Kumar** - Ozone Therapy Today

**V. Bocci** - State of the Art

**Z. Fahmy** - The mean of ozone therapy by musculoskeletal diseases

**Francesco Riccardo Monti** - Awards Ceremony

**G. Pellicanò** - History of Rock

Visit of "Mille Miglia" Museum

## Friday April 15<sup>th</sup>

### Session I - Ozone Therapy in the Musculo-Skeletal Pathology

#### PART I - Spine

Moderators: **C. Andreula, O.A. Pepa**

**M. Leonardi** - State of the Art

**Y. Bergeron** - Mini-Invasive Treatments on the Spine

**J. Baeza Noci** - Therapeutical Approaches

#### Coffee Break

**M. Gallucci** - Other Ozone Therapeutical Approaches: Facet Joints and Posterior Arch

**G. Pellicanò** - Review of International Literature

#### Discussion

#### Oral Communications

**J. Vyletelka** - Internal Disc Disruption: Is it possible to treat with the Oxygen-Ozone Therapy?

**A. Alexandre** - Cerebrospinal fluid nitric oxide metabolites are novel predictors of pain relief in degenerative lumbar diseases with spinal stenosis

**A. Alexandre** - Degenerative aspects on MRI follow-up of patients treated by ozone discolysis

**A. Erario** - Why oxygen ozone therapy is useful in degenerative disk pathology?

**A. Erario** - Mesenchymal Stem Cells combined with Effector T Cells and low doses of Ozone therapy produce regeneration of damaged inter vertebral disks in rats.

**L. Brina** - Lumbar Vertebral disc pathology. New frontiers: ozone+stem cells.

**A. Alexandre** - Further studies on patients affected by lumbar disc hernia, and treated either by microdiscectomy or by intradiscal oxygen-ozone injection.

**R. Paradiso** - Surgical treatment of disc herniation by percutaneous laser disc decompression combined with intradiscal ozone injection.

#### PART II - Articular

Moderators: **M. Bas, H. Konrad**

**X. He** - Efficacies of different treatment courses of ozone therapy on lumbar disc herniation

**M. Muto** - The Research: Modifications Induced by Ozone In the Disk

**E. Genovese** - Mininvasives Treatments of Small and Big Articulations Compared to Ozone

**A. Scarchilli** - The Experience in Shoulder and Knee Treatment

#### Oral Communications

**M. Moretti** - Effect of O2 - O3 & hyaluronic acid injection on partial tears of supraspinatus tendon

**C. Morosi** - Oxygen-ozone Therapy in treating infective pathologies related to pediatric surgery

**C. Catelani Cardoso** - Topic Ozone Therapy: Coadjuvant in the treatment of exposed tibial fractures

**M. Moretti** - Effectiveness of infiltration with O2 - O3 and hyaluronic acid in overload tendinopathy of the Achilles tendon in athletes

**R. Cardelli** - Osteoarthritis of the knee treated by intra-articular infiltration of oxygen-ozone and hyaluronic acid

#### Lunch

### Session II - Randomized Clinical Studies

Moderators: **F.D. Ungureanu, J. Vyletelka**

**M. Gallucci** - Ozone Versus Steroid in the Treatment of Lumbar Pain

**A. Zambello** - Epidural Infiltrations Versus Ozone Treatment

**F.J. Galvan** - Ozone Therapy Versus Microsurgery in the Treatment of Slipped Disk

**L. Re** - A Randomized Clinical Study on Pain in Patients Treated with Ozone and NSAIDs

**V. Bocci** - Ischemic stroke in patients to be treated with major ozonated autohemotherapy (MOAHT). Clinical trial in patients with chronic heart failure (CHF) treated with ozonotherapy

#### Oral Communications

**M. Simko** - Our first experiences (2009-2011) with combined lumbar injection technique: ozone, steroids and long acting local anaesthetic

#### Coffee Break

### Session III - World Experiences

Moderators: **J. Baeza Noci, M. Simko**

**W. Kos** - Oceania

**V.S. Kumar** - Asia

**C. Andreula** - Italy

**R. Alvarado** - America

**M. Nabil Mawsouf** - Africa

#### Oral Communications

**X. He** - Decade review of ozone therapy in China

### Saturday April 16<sup>th</sup>

#### Session IV - Other Applications

Moderators: **F. Hernandez-L.Re**

**S. Schulz** - O<sub>2</sub> / O<sub>3</sub>-Pneumoperitoneum in Pre-Clinical Studies (e.g. cancer). Possible Mechanisms and its Outlook in Human and Veterinary Medicine

**B. Clavo** - Ozone Therapy in Oncology

**M. Nabil Mawsouf** - Ozone and Hepatitis C

**A. Schwartz Tapia** - Ozone Therapy in Recurrent Vulvovaginal Candida Albicans Infections

**S. Menéndez** - Ozone Therapy and Diabetes

**A. De Monte** - Ozone Therapy in Vascular Pathologies and in Trophic Lesions of the Skin

**M. L. Iabichella** - Topical Ozonated Autohemotherapy to treat Diabetic Ulcers of the Lower Limbs: Advantages and Limitations

**A. Izzo, A. Bertolotti** - The treatment of the buruli ulcer through the oxygen-ozone therapy: a pilot project in Zinviè, Benin

**F.J. Martin Florido** - Ozone Therapy in Odontology

**R. Viebahn** - Ozone in Pain Syndrome

**R. Viebahn** - Ozone in Complementary Oncology

#### Oral communications

**M. Siroto** - Role of ozone/oxygen in fibroblast growth factor activation. Discovering the facts

**G. Martinez-Sanchez** - Clinical implications of ozone U-Shaped dose responses

**A. Erario** - The amazing trip

**T. Barkhotkina** - Ozonotherapy of allergic rhinitis

**F. Berni** - The treatment with Oxygen-Ozone Therapy by GEAT of patients affected by advanced senile dementia, assisted at their domicile and in pharmacological therapy with antipsychotic psycholeptics, parasympathomimetics and melatonin

**R. Quintero Marino** - Ozone Therapy and Legislation

**B. Clavo** - Registration in Regulatory Medicines Agency. Why? Where? How to begin?

**C. Catelani Cardoso** - Study of Treatment with ozonized sunflower oil bioperoxoil on lesions induced in diabetic rats

**G. Tabaracci** - Relation between ozone and body fluids. State of the Art.

**F. Raggi** - Intravenous laser blood irradiation in sports medicine

### Parallel Session - Veterinary Medicine

Moderators: **G. Penocchio, A. Corradi**

**H. Giuliano** - Oxygen-Ozone Treatment in Patients with Neural Injuries

**P. Scrollavezza** - Cow Mastitis Treatment

**E. Ballardini** - The Big Hemotransfusion in Horses

**E. Smadelli** - Practical Applications and Clinical Cases (Small Animals)

#### Coffee Break

**C. Dimauro** - Practical Applications and Clinical Cases (Small Animals)

**M. Ablondi** - Practical Applications and Clinical Cases (Cows)

#### Oral communications

#### Discussion of posters

**A. Fontana** - Unilateral sciatica associated with contralateral knee pain: Treatment with Oxygen-Ozone Therapy

**M. Bonetti** - Rizartriosi: Oxygen-ozone Treatment. Our cases

**A. Zambello** - Fibromyalgia: Oxygen-ozone Treatment

**C. Catelani Cardoso** - Ozonized Sunflower oil associated to lipoic acid in the prevention of muscle fatigue in formula 1 race pilots

**G. Tabaracci** - Sistingem and local O2 O3 therapy in drugs resistant rheumatoid arthritis in case report

**G. Tabaracci** - Ozone Therapy and diabetic foot: a complete treatment for a complex disease

**G. Tabaracci** - Cauda syndrome from herniated disc L4 L5 S1 expelled. Complete neurological recovery after paramuscolo and paravertebral infiltration of oxygen-ozone. Follow-up after 11 years after treatment

**M. Bonetti** - Infiltration of the interspinous ligament with oxygen-ozone. Our experience

**G. Ottaviani** - MR Control after one month of a cervical herniated disc C5 C6 treat with ozone

#### Satellite Symposia:

\*Ozone Therapy and Radiofrequency:

**F. Parodi** - Treatment of neuropathic radicular discogenic pain with pulsed radiofrequency (PRF) on dorsal root ganglion (DRG) and intradiscal O2/O3

\*Ozonated Oil and Skin Ulcers:

**A. Paoli** - The effects of sport massage with mineral oil, ozonated oil and passive recovery on performance and fatigue perception in competitive amateur cyclists

\*Kinetic Column Test and Ozone therapy

\*Ion resonance and O3:

**G. Tabaracci** - Synergistic Effects of Oxygen-Ozone and Ion Cyclotron Resonance in Orthopedic Diseases

#### End of works

## HOW TO REACH THE MUSEUM

### LOCATION OF THE MUSEUM

The Museum is situated inside the Monastery of Saint Eufemia, founded in 1008.

Saint Eufemia is a district lying on the east side of Brescia, on the 45Bis "Gardesana Occidentale" Main Road: Viale della Rimembranza that is between Via Indipendenza and Via della Parrocchia.

### GPS NAVIGATOR:

TomTom Navigator and similar:

Lat= 45.52411 N - Lon= 10.26783 E - Garmin, eTrex e simili:

Lat= 45° 31'.446 N - Lon= 10° 16'.0698 E

### How to reach us:

#### By car:

#### A4 and A21 Highway "Brescia Centro" exit

Follow direction to S. Eufemia, Proceed along Via Maggia, Via Mensi, Via Fiorentini, Via Gatti, Via Zammarchi, Viale S. Eufemia.

#### A4 Highway: "Brescia Est" exit

Follow direction to Brescia along the South ring road S. Eufemia exit. Follow direction to S.Eufemia. Proceed along Via Serenissima, Viale Sant'Eufemia.

#### From the city centre of Brescia:

Piazzale Arnaldo, Viale Venezia della Mille Miglia, Viale della Bornata, S. Eufemia.

**By bus:** From the city: n. 3 Urban line (Rezzato direction) and n. 11 from Garda Lake bus stop "Eufemia" Others extra urban lines: station bus stop of Brescia and then urban lines.

**By train:** Brescia Station, Bus line n. 3 (Rezzato direction) and n. 11, Taxi.

**By plane:** G. D'Annunzio di Montichiari Airport, Shuttle bus from/to Bus Station, Line bus n. 3 (Rezzato direction) and n. 11.

## GENERAL INFORMATION

### CONFERENCE DATE AND LOCATION

The conference will take place in S. Eufemia (BS) at the Mille Miglia Museum Viale della Rimembranza, 3 on April 14<sup>th</sup>, 15<sup>th</sup> and 16<sup>th</sup> 2011.

### ABSTRACTS

Submitted abstracts related to the topics of the conference will be selected for presentation as posters or oral communications.

Abstracts will be published on the International Journal Of Ozone Therapy.

All abstracts must be in English and must mention authors and their affiliations. They must contain title, goals, materials and methods, results and conclusions.

Maximum length allowed for each abstract is 3000 characters including spaces.

Please send your abstracts to [info@koineeventi.com](mailto:info@koineeventi.com)

Deadline for abstracts submission is March 1<sup>st</sup> 2011

### REGISTRATION FEE (VAT INCLUDED)

	Before February 1 <sup>st</sup>	After March 1 <sup>st</sup>
Regular fee:	<input type="checkbox"/> 250 €	<input type="checkbox"/> 350 €
F.I.O. & W.F.O.O.T Members:	<input type="checkbox"/> 100 €	<input type="checkbox"/> 200 €
Veterinarians - whole congress:	<input type="checkbox"/> 250 €	<input type="checkbox"/> 350 €
Veterinarians - Saturday session:	<input type="checkbox"/> 80 €	<input type="checkbox"/> 100 €

Registration fee includes:

congress kit

coffee break

lunch

### SOCIAL EVENT FOR ACCOMPANYING PERSONS ON APRIL 15<sup>th</sup>

**1st Option:** Trip to Venice with a guide, all day € 100,00.

**2nd Option:** Visit at the city of Brescia and exhibition of Matisse at the Museum of Santa Giulia € 60,00

PRE-REGISTRATION: You are kindly requested to mark the excursion you are interested in by email to [info@koineeventi.com](mailto:info@koineeventi.com) within March 18<sup>th</sup>.

You will pay the fee on site.

N.b. : In case the excursions you have chosen haven't reached the minimum number of participants (15) the Organizing Secretariat will inform you about the possible variation of plan.

### SOCIAL EVENT ON APRIL 16<sup>th</sup>

The President, prof. Bonetti, is pleased to invite all the registered participants and their accompanying people to the basketball game to be held Sunday April 17 at 18.00 at Pala San Filippo, Via Bazoli, 2 Brescia. People wishing to watch the game must present the badge of the congress.

## **HOW TO PAY FOR REGISTRATIONS**

It is possible to pay by cheque or bank transfer in favour of Koinè eventi (see attached registration form). Koinè eventi will send the invoice to the participant or to the paying company/institution.

Note: in case of reservation paid by public or private institution you are kindly requested to provide us with an authorization written on the institution letterhead with all invoicing details (name, address, VAT No.). Please send the authorization along with the reservation form.

## **HOTEL RESERVATIONS**

(Prices are available in the reservation form).

Koinè eventi has reserved a certain number of rooms at the Villa Fenaroli Palace Hotel especially for the conference. To make a reservation please fill in the attached form and send it to Koinè eventi to allow them to reserve the room/rooms depending on availability and according to your request. After the reservation has been successfully made Koinè will send you a voucher with the full address of the hotel.

English will be the official language of the conference.
